Avalon Log Homes is your Log Homes connection and is one of the finest log home producers in the world. Avalon Log Homes specializes in Precision Milled Log, Handcrafted, Timber Frame and Log Sided Homes. Avalon Log Homes provides the finest quality log products and planning services to make your dream home become a reality.

Luxury Log Homes Or Vacation Cabins

The Avalon Log Homes mission is to provide people across the country the choice of experiencing our luxury log homes or log style vacation cabins. If you're just beginning your search for a custom log home or you're ready to start building your dream luxury log home or vacation cabin home, we can help you turn your dream of owning a log home into a dream come true. From design to completion, Avalon Log Homes will be there every step of the way to assist you in combining luxury with nature in one of our custom log homes.

Experience the Rustic Elegance at Avalon Log Homes

At Avalon Log Homes we can custom design your dream log home to inspire your life. Understanding your need to personalize your log home design, Avalon Log Homes has an expert team of architects and designers. When it comes to designing your log home or vacation cabin, the experts are at your service ensuring that your log home details meet your wants, needs, and desires.

Our design fees are completely refunded should you purchase a log package from us!

You can request a custom quote for one of our plans or send us yours for a quote. We'll help you through the whole construction process if you desire. If one of our plans on our website is close to what you are looking for, Click on "custom quote" let us know which plan that you like and fill out the rest of the form and we will put together a log package quotation for you. Again, we can make plan changes to fit your needs. If you have a floor plan already, you can fax or email that to us and we would be happy to give you a quote on it as well.

We can ship from three different log plants depending on your location which gives us a shipping cost advantage for you.

We have builders in your area that can deal with the site related work necessary to complete your home. This will enable us to project your total cost budget to help you with the total expected cost of construction including our package something that most log companies are incapable of doing for you.

Please feel free to call me directly or email me should you require immediate attention. We look forward to helping you in any way we can!

Sincerely,

Clarence Pond
